### Notes:

Each class, except for Pre-Kindergarten, will be taught from the corresponding Sonlight Curriculum History/Bible/Literature Instructor's Guide. Teachers may include outside resources or modify the timing and scope of materials covered based on the class abilities, interests and/or special activities.

Parents are required to purchase the 5-Day Version of the History/Bible/Literature Instructor's Guide in order to maintain records of material and assignments completed in class as well as reinforce and continue educating at home to the degree desired by the Parent(s)/Primary Educator(s). If you have already purchased an

Instructor's Guide from Sonlight for the appropriate class for an older child, you do not need to purchase a second copy. Likewise, if you have 2 children in the same class, you only need to purchase one copy. We want to be respectful of Sonlight's legal rights regarding the curriculum they have developed.

The Sonlight curriculum offers great flexibility for a wide range of ages and grades to be taught by the same Instructor's Guide. When selecting a course for your child, please consider age, the grade you consider your child to be, the topic offered, and how the course fits into your goals for your child's education. Actual placement in a particular class will be decided after a thorough consultation between the Director and the child's Parent(s)/Primary Educator(s).
